

Supporting those who are vulnerable in our community

SHOUT WSK provides engagement and emergency food for the homeless and vulnerable community in Worthing and surrounding areas. We received our registered charity status in September 2020. Our aim is to work towards making homelessness in Worthing a thing of the past.

We are a member of the Worthing Food Poverty Network and Community Works. We are also registered with Worthing and Adur Council as a Food Bank for our pop up foodbank at The Lovett Hub on Saturday afternoons.

We have so many amazing volunteers, too many to mention by name. Without their continued support, time and dedication, it would not be possible to do what we do.

Below is a snapshot of some of our highlights in 2021

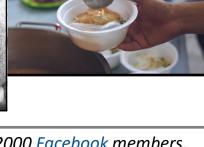

JANUARY

Our charity bank account got set up

FEBRUARY

We continued with our meals during COVID for our homeless community from St Clare's every night. A number of local restaurants provided food for us on top of Cocks Kitchen cooking 50 meals every night which was a front page article in The Worthing Herald newspaper

We have over 2000 <u>Facebook</u> members. A lot of items requested by our homeless and temporary housed clients, such as household goods, sleeping bags etc, come in via the groups from our local community on our Facebook page
